

2019 Our Morelli Family in Italy

As of right now we are able to trace our Morelli family name back to Antonio Morelli who was married to Rose Sandudo and they lived in San Pietro in Guarano in the early 1800's.

Antonio and Rose would have been Gaetano Morelli's Grandparents and they had a son named Michael. He married Fortunata Bruno and on August 24, 1877 they had a son Gaetano Morelli and he came to America in 1899.

Gaetano's sister Rosina who remained in Italy had a grandson and his name is Franco Acri. Franco was born in San Pietro in Guarano on July 7, 1954.

At this time Franco is 65 years old, still lives in Redipiano next to San Pietro in Guarano and he is currently on the City Council of San Pietro in Guarano, however he has served as the Mayor of San Pietro in Guarano two different times. The first time was from 1999 through 2004 and the second time was 2009 through 2014.

At this time we are reaching out to him in an attempt to trace our Morelli heritage in San Pietro in Guarano and Italy as far back as possible.

We are excited about finding out more about the Morelli name and where it originated from. We will keep everyone updated as we learn more, because
